

699-000-8025
Occupy a Patrol Base in Cold Regions as a Member of a Platoon
Status: Approved

Security Classification: U - Unclassified

Distribution Restriction: Approved for public release; distribution is unlimited.

Destruction Notice: None

Foreign Disclosure: FD1 - This training product has been reviewed by the training developers in coordination with the US Army Alaska Force Protection Program Manager foreign disclosure officer. This training product can be used to instruct international military students from all approved countries without restrictions.

Conditions: In a snow covered environment with temperatures of 10 degrees F or colder, given a standard ahkio group or tent and stove normally used by the unit in the field, field training area large enough to accommodate the unit, while wearing Extended Cold Weather Clothing System (ECWCS), fighting load carrier, ballistic helmet, weapon and rucksack with prescribed packing list and a OPORD requiring you to occupy a patrol base. Standard MOPP 4 conditions do not exist for this task. See the MOPP 4 statement for specific conditions.

Standards: Occupy and operate from a patrol base(s) for five nights Cold Weather Leaders Course (CWLC) or one night for Cold Weather Orientation Course (CWOC) or one night for Cold Weather Indoctrination and Certification (CWIC). Do not sustain any cold weather injuries. Meet all critical performance measures IAW Cold Weather (CWLC, CWOC & CWIC) Student Handout Winter 2018-2019.

Special Conditions: None

Safety Risk: Medium

MOPP 4: N/A

None

CAUTION

None

Remarks: None

Notes: None

Performance Steps

1. Select areas for patrol bases and assembly areas in cold regions.
2. Occupy a Patrol Base.
3. Depart a Patrol Base.

(Asterisks indicates a leader performance step.)

Evaluation Guidance: Score the Soldier GO if all performance measures are passed. Score the Soldier NO-GO if any performance measure is failed. If the Soldier scores a NO-GO, show the Soldier what was done wrong and how to do it correctly.

Evaluation Preparation: Setup: Provide the Soldier with the equipment and materials described in the conditions statement.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Selected areas for patrol bases and assembly areas in cold regions.			
2. Occupied a Patrol Base.			
3. Departed a Patrol Base.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to the current Environmental Considerations manual and the current GTA Environmental-related Risk Assessment card. IAW local policies.

Safety: In a training environment, leaders must perform a risk assessment in accordance with current Risk Management Doctrine. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW current CBRN doctrine.
